

Make light work of large-scale cleaning

Experience a ride-on sweeper that keeps you productive from start to finish, is easy to operate and requires very little maintenance. Introducing the ROS1300, a rugged, consistent performer for daily sweeping of hard floors – both indoors and outdoors.

From large warehouses and industrial areas to commercial complexes, schools, and colleges – keep dust and debris under control quickly and efficiently. Seen from your operator's point of view, we've made it easy. Simple, intuitive controls like the one-touch start help you get to work instantly and stay in control. While smart, tool-free maintenance means your operator won't be phased by time consuming routine tasks.

Built for all-round safety, this is a sweeper that maintains productivity while ensuring a safer working environment for everyone. Optimized for cleaning at scale and with the capacity to keep sweeping up slopes, the ROS1300 is truly a productive performer.

- **Maintain high productivity** whatever your application, with optimal dust and debris collection and powerful rear-wheel drive – even up slopes
- **Enjoy one touch start** that activates all main functions instantly and tool-free maintenance for easy installation and removal of the broom and brushes
- **More sweeping, less dumping** with high capacity 130L hopper on wheels and optional three mini containers for convenient debris dump
- **Optimized for operators** with cup holder, USB port, built-in device storage and water level indicator for dust control misting system
- **Safety-centric design** with warning beacon, front LED light, speed-reduction during turns and ergonomic adjustable seat
